

Secrets for Job Search from Ancient Text Announced

The ancient text of the Bible contains secrets for an effective job search. These secrets will be decoded in a soon-to-be-released book

FOR IMMEDIATE RELEASE

[PRLog \(Press Release\)](#) - Feb. 4, 2013 - Seattle, WA – Many of the lessons and insights captured in the biblical text have been explored by theology scholars, writers, and speakers. But no one has divulged what it has to say about a job search until now.

The Bible is one of the most-read and best-selling books of all time. Now readers can also look to it for insights on how to carry out an effective job search with this new book as a guide.

“After investigating available books on the subject of a job search, and concluding that there were none that presented biblical principles,” explains author/publisher William Higgins, “it was obvious to me there was a gap that needed to be filled. I felt God’s nudge to begin writing.”

There are many helpful books on how on how to conduct a job search, but only Your Road to Damascus: 6 Biblical Secrets for an Effective Job Search integrates biblical truths with cutting-edge practices. This book provides a complete picture for people of faith looking for a new job.

William Higgins has coached more than 5,000 people through a job search, and served on the ministerial staff of three local churches in the U.S. and Canada.
